# Kumihimo Disc Template

This is a template for a Kumihimo Disk.
You can easily be used by tracing on cardboard or chipboard.
I have prepared circle and octagonal shapes, but the result of kumihimo is the same for both.
Please use whichever is easier to make.

## 7 strands | single kumihimo braid   needs 7 strings
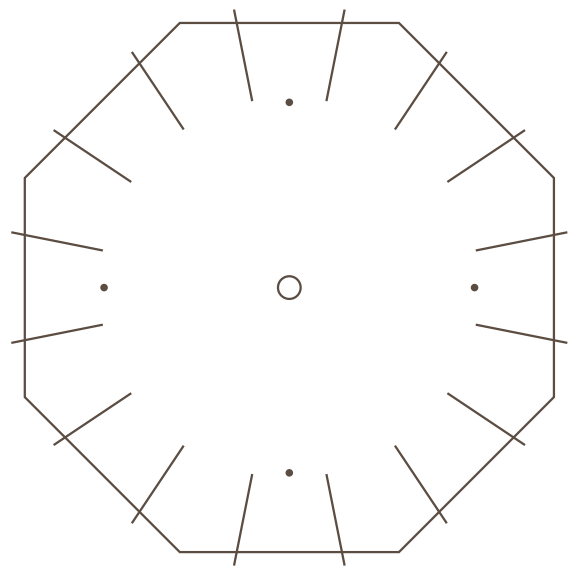

Circle-shaped Disc

Octagon-shaped disk

8 strands | spiral kumihimo braid   needs 8 strings

Circle-shaped Disc

Octagon-shaped disk
